**\*\* All potential 2012 Z Nationals Track Day Instructors should read the following guidelines carefully. Please sign your initials in all appropriate boxes indicating that you have both read and fully understand each commitment you are making by volunteering as a track day instructor. If you have any questions, please contact the Z Nationals staff members listed below. \*\***

I agree to be on time at the Barber Motorsports Park facility on October 7<sup>th</sup>, 2011, mentally and physically prepared to offer expert advice and instruction to my assigned students.

I agree to be on time and prepared at all of my designated positions for each run group session.

I understand that regardless of any personal vehicle or equipment failures, damages or losses, I am committed to completing my duties as a track day instructor for the events entire duration. I WILL NOT leave early or abandon my assigned students in the event of a personal vehicle failure.

I understand that in the event that I am a "NO SHOW" on Sunday, October 7<sup>th</sup> and fail to complete my duties as a track day instructor, that I will thereby forfeit my payment for track time. I also understand that I will no longer be accepted or considered for future track day instructing for future Z Nationals events and will not be recommended by the Z Nationals event staff to other event organizers. *(Unless unforeseeable circumstances arise, other arrangements are made or the staff is notified of my absence well in advance).*

I acknowledge that I will be assigned at most 4 students, with the high likelihood of being assigned at least 1 "Expert" student that can most likely be signed off on to be a solo driver or a "FREE SESSION" at which time I will not have a student to teach.

- I have read and fully understand all of the rules and guidelines as stated in the 2012 Z Nationals Rules and Regulations packet. I agree to fairly enforce and follow these rules in order to keep all students, participants and myself safe.
- I agree to follow all special instructions designated for Instructors including, but not limited to, drop-off/pick-up locations for students, rules pertaining to "Signing Off" on Solo students and staging areas for instructors.
- I understand that any students that are "Signed Off" on are my sole responsibility. If I do in fact sign off on a student, I MUST inform race control so that a note is made in the log books in the event of an accident.
- I am fully aware of the inherent dangers and risk of participating in HPDE/Track events and the associated dangers as a participating, ride-a-long instructor.
